(a) whether some of the State Governments have approached the Union Government for the Betting up of atomic power plants in their States;

(d) if so the details thereof, State-wise; and

(c) the reaction of Government 'hereto ?

THE MINISTER OF STATE IN THE PRIME MINISTER'S OFFICE (SHRI BHUVNESH CHATURVEDI):

(a) Yes Sir.

(b) and (c) Atomic Power Stations are presently operating/under construction at Tarapur (Maharashtra); Rawatbhata (Rajasthan); Narora (Uttar Pradesh); Kalpakkam (Tamil Nadu); Kakrapar (Gujarat) and Kaiga (Karnataka). The State Governments of Punjab; Haryana; Madhya Pradesh; Andhra Pradesh; Kerala; West Bengal Orissa and Bihar have proposed from time to time setting up of nuclear power plants in their respective States. As regards the requests of the States falling under the Eastern Electricity Region; priority for setting up of a nuclear power plant is relatively low as the region is endowed with abundant coal reserves. As regards the propose! for setting up of atomic power plantain other regions; the Site Selection. Committee Htuted by the Department of Atomic Energy has examined the possible sites. The process of cetting up of an atomic power station involves comprehensive safety and environmental reviews and is also subject to availability of financial resources. There *is* no proposal to take up any new nuclear power pi ■any of these states during th i Five Year Plan.
